swipeclock
WORKFORCE MANAGEMENT

One-Stop HR Resource

Optimized Punch-to-Pay
The entire process from scheduling to clock-in to payroll and paystub access is optimized to save time and money

Swift Payroll Processing
There is no paper, typing or manual calculations to slow down the payroll processing

Faster Applicant Hiring and Onboarding
Quickly access a larger pool of qualified applicants with less effort—move through screening, selection, and onboarding in record time

Better, Cheaper Shift Coverage
Shift trading makes it faster and easier to cover open shifts, improve schedule adherence, and ensure proper shift coverage

Engaged Employees
Simple tools such as alerts, messages, company directory, quick surveys, rewards, and an anonymous suggestion box encourage employees to get involved

Provable Compliance
A complete audit history can demonstrate compliance with rules and regulations, certification standards, hiring practices, pay requirements and internal processes

WorkforceHUB™

WorkforceHUB is a one-stop source for time and attendance, scheduling, payroll and HR-related information. Employees get the information they need through a single portal on any device saving time and reducing errors or miscommunication.

WorkforceHUB Features

☑ **Timekeeping -** Punch tracking and approvals, job costing, break enforcement, PTO accruals and requests. Physical clock compatible.

☑ **Scheduling -** Build schedules based on need, skills required, labor law constraints, employee preferences and much more.

☑ **Recruiting and Applicant Tracking -** Attract top talent. Post job openings, collaboratively screen and track candidates. Hire quality employees in little time and with the lowest effort.

☑ **HR Management -** Automated workflows for onboarding, performance reviews, benefits enrollment and more. Secure document storage, alerts, surveys, and suggestion box.
